Priya Sharma

priya.sharma@email.com | +91-9876543210 | linkedin.com/in/priyasharmait | Mumbai, Maharashtra

Summary

Highly motivated and results-oriented IT professional with 5+ years of experience in software development and testing. Proven ability to deliver high-quality solutions within tight deadlines and a strong understanding of Agile methodologies. Passionate about building scalable and maintainable applications.

Skills

- Java
- Spring Boot
- Selenium
- SQL
- Agile Methodologies (Scrum, Kanban)
- REST APIs
- Microservices Architecture
- Cloud Technologies (AWS - Basic Understanding)
- Git Version Control

Experience

Software Engineer | TechSolutions Inc. | 2018 – Present

- Led the development and maintenance of a core e-commerce platform using Java, Spring Boot, and Selenium.
- Designed and implemented RESTful APIs for seamless integration with various front-end applications.
- Developed and executed comprehensive test plans (unit, integration, UI) to ensure high software quality.
- Collaborated effectively within an Agile team environment, participating in daily stand-ups, sprint planning, and retrospectives.
- Contributed to the migration of legacy systems to a microservices architecture, improving scalability and resilience.

Education

Bachelor of Technology (B.Tech) in Computer Science | IIT Bombay | 2018

- GPA: 8.5/10
- Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Software Engineering, Operating Systems, Computer Networks.

Projects

- **E-commerce Platform Development:** Developed a fully functional e-commerce platform from scratch using Java, Spring Boot, MySQL, and Selenium. Implemented features such as user authentication, product catalog management, shopping cart functionality, and secure payment processing.
- **Mobile Application Backend:** Designed and developed the backend for a mobile

application (iOS & Android) utilizing REST APIs and a NoSQL database (MongoDB). Focused on performance optimization and scalability.
